Hi Darin,

I'm not familiar with your project, but I believe you have to call the Bureau of Street Lighting (BSL) since your referring to a light pole. BSL (I'm quite positive) has a permitting process if you want to install a medallion on their pole. First contact Sandy Truong (BSL) at 213 847-1545. She should be able to refer you to the correct contact in BSL. If BSL isn't the correct contact, then contact our district office, Bhuvan Bajaj (213) 972-4943. Bhuvan may determine if the existing LADOT sign can be relocated.

Thanks!

Hi Mr. Kano,

Re: Light Pole Approval

My name is Darin French and I work with Los Angeles Neighborhood Initiative as the program manager for the BLQ BID. We are currently working on installing medallions along Pico Blvd and I had a question about two light poles that currently have DOT signs installed.

The Sign IDs are #78325 and #207612.

At your earliest convenience could you please let me know if these light poles are approved for medallions?

I appreciate your help with this.

Sincerely,

Darin French
